Two groupings on Saturday morning by age. The younger students from 9am to 10am and the next group from 10am to 11am. These student players can be the future of Tiger basketball.

Track News

Watch for an announcement about practices starting. The coaches are Mr. Dan Murray and Ms. Margaret Moynagh. As of this issue there are about 25 students signed up. Kind of small number compared to the last two years when there were about 40 on the team. The coaches are looking for a couple of extra coaches to help out during practices and at meets. Looks like there are going to be at least two meets in April and sometime in early May the CAA will hold the season final meet.

Athletic Director

Be aware that coaches, assistant coaches and volunteers need to be current with the VIRTUS training.

A couple of things to be watching for and putting on your calendar.

Booster Club golf tournament is set for May. 20. Sign up early for this great event. **Don't miss out. See you on the course.**

Athletic Sports Banquet, will be held May 31. We have been seeing around 100 people attend, both students and adults. We hold it in our own gym, so there is room for more. The sign up form appears in this newsletter.

Watch for the flyers soon for the Summer camps; Volleyball, Basketball, and Soccer.

The last page of this newsletter shows a flyer for a Middle School Boys Volley Ball program that ISD 622 is offering.

CHANGES TO THE PROGRAM

All programs for Prelims and Finals will only be available on the Omni Otters website and must be printed by the Parents and Coaches at home. Check for a final version the day of the event. If there are any changes to the programs after they are originally posted on the Omni Otter web site, they will be so noted. These changes typically result from final review of Prelim results. A deadline of 12:00 noon on the day of Finals has been established, so you may want to check back about 1:00 PM on the day of Finals to make sure you have the most recent program.

TIMED FINALS AND A-B FINALS

There are two types of Finals competition that will be swum. The first is what is known as "Timed Finals". This is for events that were NOT swum at Prelims because there were 16 or fewer swimmers entered in the event. In Timed Finals, swimmers are seeded according to time and will place according to time, regardless of which heat (1 or 2) they are in.

The second type is "A-B Finals", which are events that WERE swum at Prelims. Swimmers placing in the top eight at Prelims will be competing in the A Final (Heat 2) of these events and will place 1-8. Swimmers placing in the 9-16 spots at Prelims will be competing in the B Final (Heat 1) of these events and will place 9-16 – they CANNOT place 1-8, regardless of how fast their times are.

A-B Finals events are most easily identified by the addition of Alternates in the program. Alternates are the 17th and 18th place swimmers from Prelims and if there is a scratch, an alternate will move into the B Final heat. If the scratch is in the B Final heat that is the only change that is made. However, if the scratch is in the A Final heat, the top swimmer from the B Final heat will move into the A Final heat and then the alternate will take that swimmer's place in the B Final heat. Scratches are determined on the day of the meet.
